

The RHS Hoofbeat

Vol. 20 No. 2

April 2019

Student of the Month

Colten Evanson, Dec. SOTM

The December Student of the Month award goes to Colten Evanson. He believes math and science are his areas of academic strength.

Colten is a very talented musician. He is a member of both the band and choir at RHS and has participated in two musicals. Colten earned a star at the state music contest during his freshman year and will be performing at both the vocal and instrumental state contests this year as well. He is also an extremely talented piano player and has been playing for eleven years.

In addition to music, Colten is a member of Close Up and participates in basketball. He was a valuable member of the varsity basketball team which placed third in state this winter.

Community is very important to Colten. As a member of his church youth group, he has donated his time to The Salvation Army and the Great Plains Food Bank. He also volunteers with Cass County Special Olympics.

Congratulations, Colten!

Carson Anderson, Jan. SOTM

Carson Anderson was named the January Student of the Month. He believes that math is his area of academic strength.

Carson is a talented three sport athlete. He participates in football, basketball, and track and field. This past winter Carson was a valuable member of the varsity basketball team which placed third at the North Dakota State Basketball Tournament.

In addition to athletics, Carson participated in the school musical, *Seussical*, during his sophomore year and was an active member of Boy Scouts for many years.

Carson has volunteered to do many local community service projects with his church youth group. He also has delivered cards to veterans and made blankets for Project Linus during the Richland High School Service Days.

During the summers, Carson runs a lawn care business. He has also worked as a lifeguard at the Colfax Pool in past summers.

Congrats, Carson!

Hanna Johnson, Feb. SOTM

The Student of the Month award for February goes to Hanna Johnson. She is a member of the North Dakota Honor Society and believes that English is her area of academic strength.

Hanna is a strong leader here at RHS. She is an active FCCLA member and has held FCCLA officer positions for the past two years. Hanna is also the current vice president of Richland's student council and is the reporter for the FFA chapter. In addition, Hanna has been the editor of *The Hoofbeat* since her sophomore year and has served as both president and vice president for her class.

Hanna has a passion for learning. She was selected to be a Joyce Ivy Scholar and attended Harvard last summer for seven weeks. This winter she was selected as one of two ND students to participate in the US Senate Youth Program. She spent a week in Washington DC where she met members of the House and Senate along with the President of the United States.

Congratulations, Hanna!

Raymond Francis Holzhey

Pet Peeve:

Eating noises

Advice to underclassmen:

Chill out and work hard

Favorite food:

Pizza

Favorite store:

Walmart

Favorite sport:

Football

Favorite childhood toys:

Legos

What has been your favorite grade so far?

Senior

What were your favorite classes at RHS?

POD & history classes

Vacation spot of choice:

Montana

What is your favorite free time activity?

Watching YouTube

What is something you absolutely hate?

Boring road trips

What is your worst fear?

Bears

If you could make one change to the school, what would it be?

More parking spaces

What is your favorite school memory?

Winning state in football

What would your dream car be?

Classic Mustang

Joey E. Wolfe

Pet Peeve:

People eating with their mouth open

Advice to underclassmen:

Be more involved and don't get in trouble!

Favorite foods:

Cake, pie, hamburgers, steak, and cheeseburgers

Favorite store:

Walmart

Favorite sport:

Hockey

Favorite movies:

Grown Ups, *Grown Ups 2*, *Avengers*, and *Iron Man (1-3)*

What was your favorite class at RHS?

Culinary Arts, by far

Vacation spots of choice:

Hawaii, Alaska, and Ireland

What are your favorite free time activities?

Gaming and hanging out with friends

What is something you absolutely hate?

Mean people

What is one thing most people don't know about you?

I have a sister

Who has been a big influence in your high school life?

Dave

What would your dream car be?

A Corvette

Kariann Louise Sahl

Pet Peeves:

Being late and snoring

Advice for underclassmen:

Always keep your notes and use Quizlet for studying

What is one thing you can't live without?

Water

Completing basic training

What would your dream car be?

2006 Mustang

What is something you don't leave home without?

My wallet

Johnson Attends United States Senate Youth Program

by: Hanna Johnson

Washington D.C. is unlike any other place on Earth. It is alive and breathing, and our nation's political heart is perpetually beating. DC is full of cobblestone streets where our founding fathers walked and tall buildings where former Presidents have talked. History was made within certain walls and is still being made all around us.

The connections I made in Washington were ones that will shape my life in many ways, not only now, but in the future. I met President Trump, Chief Justice John Roberts, Senator Ernst, Senator Bennet, Senator Blumenthal, and so many more, but the most important connections were undoubtedly those that I made with my fellow delegates. Each of the 103 students will do incredible things in their lives. We may not be big names yet, but I am confident about one thing: one day, Washington D.C. will be ours. We are the future Senators, Representatives, Judges, Justices, and Presidents. We may have walked in as strangers, but we left as family.

There is a stigma surrounding politics, especially within the younger generations. We are not supposed to formulate an opinion. We should not join protests or found advocacy organizations. We are too young to make a difference, too young to have a voice, and too young to make change. I have never disagreed with any statement more. One of our delegates is managing a presidential campaign and even ran for mayor. Another is the son of a United States Representative. A third founded her own nonprofit and is publishing a book. We are the future, and the future is

now. If these are the changes we are making at sixteen, seventeen, and eighteen, there is no doubt in my mind that our future is full of promise, and together, we will flourish.

My favorite things about Washington Week were the conversations. I remember standing in Mount Vernon, and a boy from Massachusetts introduced himself and started a conversation. In a gift shop, a girl from Alabama did the same. We talked about our hobbies, skills, books, but most often, our political beliefs. No matter which side of the aisle they were on, they prompted an intelligent conversation that questioned implicit bias and preconceived notions within my mind. I left Washington D.C. with a more open mind, and a more educated brain. Although we each had our partisan beliefs, it did not matter. For the week, we were nonpartisan.

One of our most hotly debated questions was not a political one, but a philosophical one. First, suppose that the famous ship sailed by the hero Theseus in a great battle has been kept in a harbor as a museum piece. As the years go by, some of the wooden parts begin to rot and are replaced by new ones. After a century or so, all of the parts have been replaced. Is the "restored" ship still the same object as the original? Second, suppose that each of the removed pieces were stored in a warehouse. After a century, technology is developed to cure the rotting which enables the boards to be put back together to make a ship. Is this "reconstructed" ship the original ship? And if so, is the restored ship

in the harbor still the original ship, too? Although it was designed to make us think about a hypothetical boat, the question applies to many things. As high school students, we ventured to Washington for a week before returning to fifty separate states. Years later, we return, but this time, for two years, or four, or six, or a lifetime. When we return as the same people, but with new purposes, are we the same people we've always been?

Democrats and republicans alike shared a similar message as they spoke to us. Partisan values in Washington are polarizing for the rest of the nation. Party lines are only growing deeper and the country is suffering. But, it is not the most divided we have ever been. Our country has survived through political disagreements before and we will thrive again. Politicians on both sides encouraged bipartisanship, and through their leadership, and ours, we will find it again.

Hanna Johnson meets Senator John Hoeven at the Senate Reception

FCCLA State Convention

by: Ava Aigner

Four Richland students recently traveled to Bismarck to take part in the FCCLA State Leadership Convention. The convention was held from April 7-9. The students were accompanied by FCCLA advisor, Mrs. Braunberger.

While in Bismarck, District 6 president Tegan Amundson helped run the meetings and introduce the inspiring speakers, including Ava Hill, Miss North Dakota International. Her office also qualifies her to attend the National FCCLA Convention held in Anaheim, California this summer.

Bailey Adams and Jett Foley both participated in STAR events. Bailey received gold and advanced to nationals with her STAR event, Interior Design. Jett received bronze in his STAR event, Recycle and Redesign.

Chapter member Kiersten Boehm ran for a state office position. She did an excellent job, but competition was fierce and sadly she wasn't elected.

The students were busy during the convention. In addition to listening to speakers, the chapter members participated in many activities. On the second night of the convention, a dance was held which the students greatly enjoyed and a banquet wrapped everything up on the final day.

Congratulations to all the students who participated on all their accomplishments!

FFA Chapter Excels at Winter CDEs

by: Hanna Johnson

The season of winter CDEs has been an exciting and rewarding one for the Richland FFA chapter. Starting at District Leadership, Sentinel Dain Anderson and Reporter Hanna Johnson both earned gold for their participation in the Parliamentary Procedure. President Kiersten Boehm, Vice President Bailey Adams, and Secretary Tessa Smith earned silver awards. Taking home a bronze were Assistant Reporter Kariann Sahl, Treasurer Allison Haverland, Assistant Treasurer Kaden Shroeder, Assistant Reporter Holly Knutson, Assistant Sentinel Jett Foley, and Community Relations Parker Crooks. Overall, the team earned a bronze.

At District Leadership Kiersten Boehm earned a silver in Senior Quiz while Dona Sepeda, Stashia Bevre, and Kariann Sahl each earned a bronze, with the team taking an overall bronze as well. In addition, Kariann Sahl earned a silver for her performance in prepared speaking, Zachariah Ringdahl earned a bronze for his performance in extemporaneous, Hanna Johnson earned a gold for her performance in job interview, and Kaden Shroeder earned a bronze for his performance in demo.

At the Crookston event, the Wildlife team took a silver award, with Parker Crooks and Zachariah Ringdahl earning golds. Chase Schmitt and Tommy Zander earned silver while Eric Moen, Hannah Malaterre, and Nicholas Wulfekuhle earned bronze. In the both the Horse Judging event and Hippology, Trinity Ringdahl earned a silver and Ella Weinmann earned a bronze. The Small Animal Care team took a silver overall, with

Kiersten Boehm and Holly Knutson each earning golds. Jett Foley earned a silver while Kaden Schroeder, Nick Mjones, and Addie Christensen earned bronze. The Floriculture team also took a silver, with Kariann Sahl earning a gold award, Ally Hollow and Bailey Adams earning a silver, and Allison Haverland and Popi Miranowski earning bronze. Lastly, Wade Gorder earned a gold in his Agronomy event.

At Oakes, both Trinity Ringdahl and Keagen Neppl earned bronze awards for Hippology and Wade Gorder earned a bronze in Agronomy. The Small Animal Care team earned a silver, with Kiersten Boehm taking gold, Holly Knutson taking silver, and Addie Christensen and Kaden Schroeder earning bronze. The Environmental/Natural Resources team earned a gold award, with Zachariah Ringdahl and Nick Wulfekuhle earning a gold, Kiersten Boehm earning a silver, and Kaden Schroeder and Addie Christenson earning a bronze.

In Fergus Falls, Wade Gorder earned a silver in agronomy. The Small Animal Care team earned a silver with Kariann Sahl taking gold and Kaden Schroeder and Nick Mjones both taking bronze. The ENR team earned another gold, with Parker Crooks, Zachariah Ringdahl, and Kalie Boehm earning golds, Chase Schmitt and Nick Wulfekuhle earning silvers, and Hannah Malaterre earning bronze. In Ag Mechanics, both Jacob Sahl and Gary Johnson earned silver awards. At the final CDE, Ella Weinman and Wade Gorder both earned bronze awards.

FFA Award Winners Announced

by: Hanna Johnson

The annual FFA banquet was held on Monday, April 3. It was a night full of great food, fun, and memories. A big congratulations goes out to the dedicated chapter members who earned the following awards:

Star Discovery:
Wade Gorder

Star Greenhand:
Hannah Malaterre

Outstanding Sophomore:
Kiersten Boehm

Outstanding Junior:
Zachariah Ringdahl

Dekalb Award:
Dain Anderson

Richland Students Win Rotary Essay Contest

Each year in Ms. Stenseth's English III class, students are required to write an essay about any topic they want and apply the Rotary's 4 Way Test to that topic. This 4 Way Test includes asking these questions: Is it the truth? Is it fair to all concerned? Will it build good will and better friendships? Is it beneficial to all? These questions are the philosophy behind the Rotary Club's mission.

This year Richland students claimed the top three prizes in the essay contest. Hanna Johnson

won third place and \$100 with her essay, "Promoting Mental Health Awareness." Zach Wulfekuhle won second place and \$150 with his essay "The Importance of Organ Donation." Dona Sepeda won first place and \$200 with her essay "Should Trump's New Policy Be Passed."

All three students were invited to read their essays at a Wahpeton / Breckenridge Rotary Club meeting. Dona's essay will go on to the district level competition where the winner receives \$1100! Good luck, Dona!

Hippology Team Members:
Keagan Neppl, Trinity Ringdahl,
and Ella Weinmann

Colts Finish Third at State Tournament

The boys' basketball team had an amazing 2018-2019 season. The Colts ended the year with an impressive 23-3 record which included a third place finish at the ND State "B" Basketball Tournament. It was definitely a year to remember!

Richland started their season with a 4-0 winning streak. They defeated their first three opponents by thirty points or more and then came away with an impressive 87-36 victory over Solen, ND. The first loss of the season came against defending state champions, Hillsboro/Central Valley. Although the Colts ended up suffering a 56-57 loss, the game proved to the state that Richland was a contender this year and they were ready to play with anyone.

The Colts went on to easily win their next three games against LLM, Wyndmere/Lidgerwood, and Tri State. Richland then faced Central Cass at home and suffered a 67-70 loss when the Squirrels shot the lights out of the gym. The Colts didn't let loss affect them, though. They went on to win the last eleven games of the regular season and claimed the top spot in the regional tournament.

Richland faced tough competition in the regional tournament. The Colts suffered an off night in the first round of play but were able to defeat the Lisbon Broncos by a score of 63-60. Richland took on Oak Grove in the semi finals and came away with a 74-62 victory. The Colts faced the Kindred Vikings in the championship game. It was a close game, but at the end of the night, Richland earned a 50-47 win and were headed to state for the first time since 2006!

Richland went into the state tournament as the third seed and took on Powers Lake in the first round. The Ranchers took control of the game with some amazing three point shooting, but the Colts refused to give up. Richland overcame a seven point fourth quarter deficit and defeated Powers Lake 65-63.

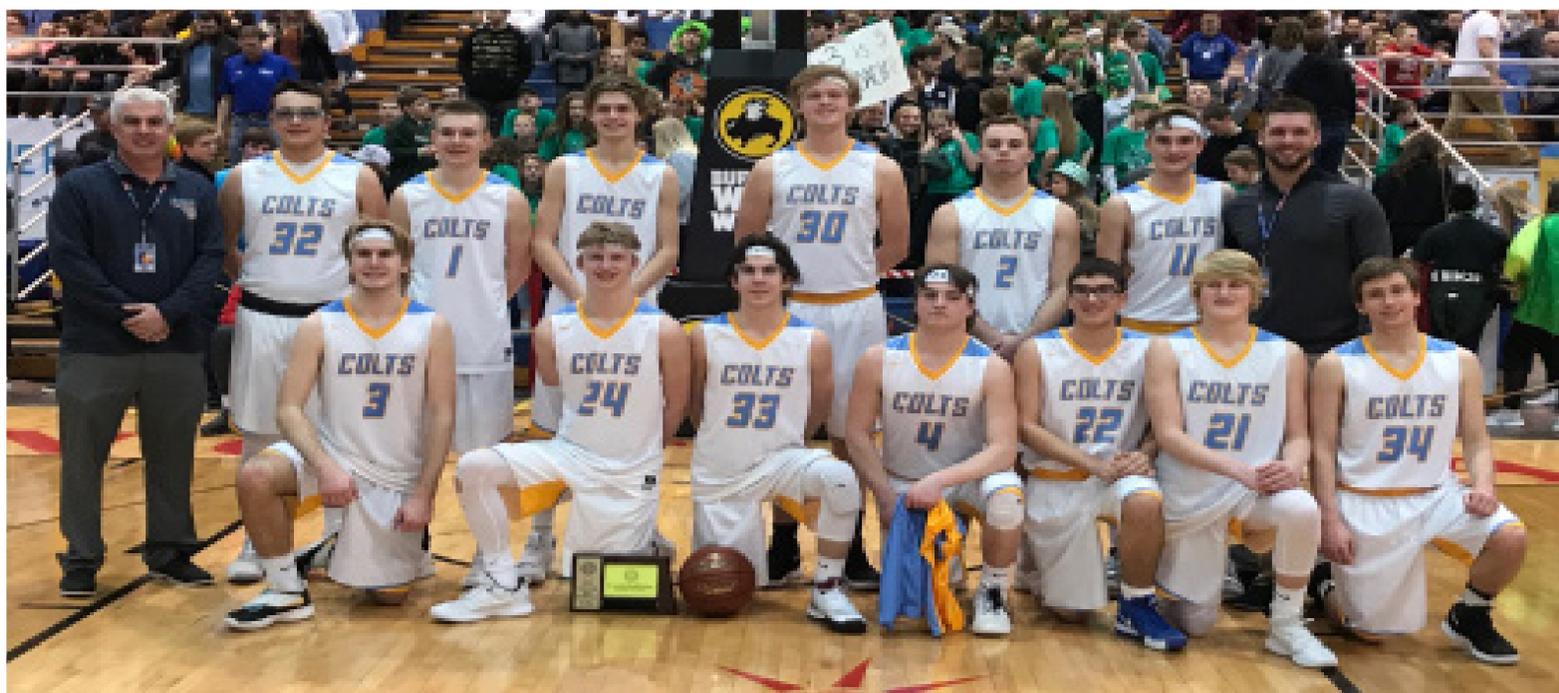

In the semifinals, the Colts faced the Shiloh Christian Skyhawks. Richland did a great job against Shiloh's 6' 9" center, but the Shiloh guards made fourteen three-pointers which proved to be too much for the Colts. The team suffered a heartbreaking 51-64 loss.

Richland bounced back in the final game of the season and defeated the Bishop Ryan Lions 62-47 to claim third place honors. Although the Colts had their hearts set on a state championship, the victory was a great way to end an incredible season. "Taking third place was a big deal to the team. They wanted to end on a win and hopefully keep the momentum going into next year," said head coach Cody Reiland.

Richland will lose four seniors to graduation: Hunter Lentz, Trenton Dufner, Casey Koenig, and Blake Loomis. These boys will be greatly missed next year.

Special congratulations go out to Cole Myers, Gavin Reiland, and Carter Lingen who were named to the All Region Team this year. In addition, Myers was named to the state all tournament team and earned First Team All State Honors.

When asked about the season, Coach Reiland said, "It was a fun season. The boys worked hard to get to where we did. We had a few tough losses during the season, but we were able to learn from them. I am very proud of this group of guys."

Colts Place Second at Region Tournament

The varsity girls' basketball team had a spectacular 2018-2019 season. After ending the previous season with a 7-15 overall record, the Colts knew they had something to prove. The girls worked hard in the off season and started the year ready to play.

After losing the first couple games to a couple of tough MN teams, Richland went on a 3-0 winning streak defeating Wyndmere/Lidgerwood, Mayport CG, and Central Cass. The Colts then suffered a couple losses to Lamoure/Litchville/Marian and Kindred, but the team bounced back and went on to win their next seven games.

Richland used tough defense and great teamwork to finish the regular season as the second seed in the regional tournament. The only region team who beat the Colts during the regular season was the Kindred Vikings.

The Colts faced the Lisbon Broncos in the first round of regional play. Richland suffered an off night, but the girls were able to pull off a 60-54 victory. The Colts faced the Enderlin Eagles in the semi-finals. They took command of the game from the first quarter

and claimed an impressive 63-45 win. Richland took on Kindred in the championship game. The Colts fought hard, but the Vikings' height and sharp shooting proved too much to handle and Kindred defeated Richland 71-53.

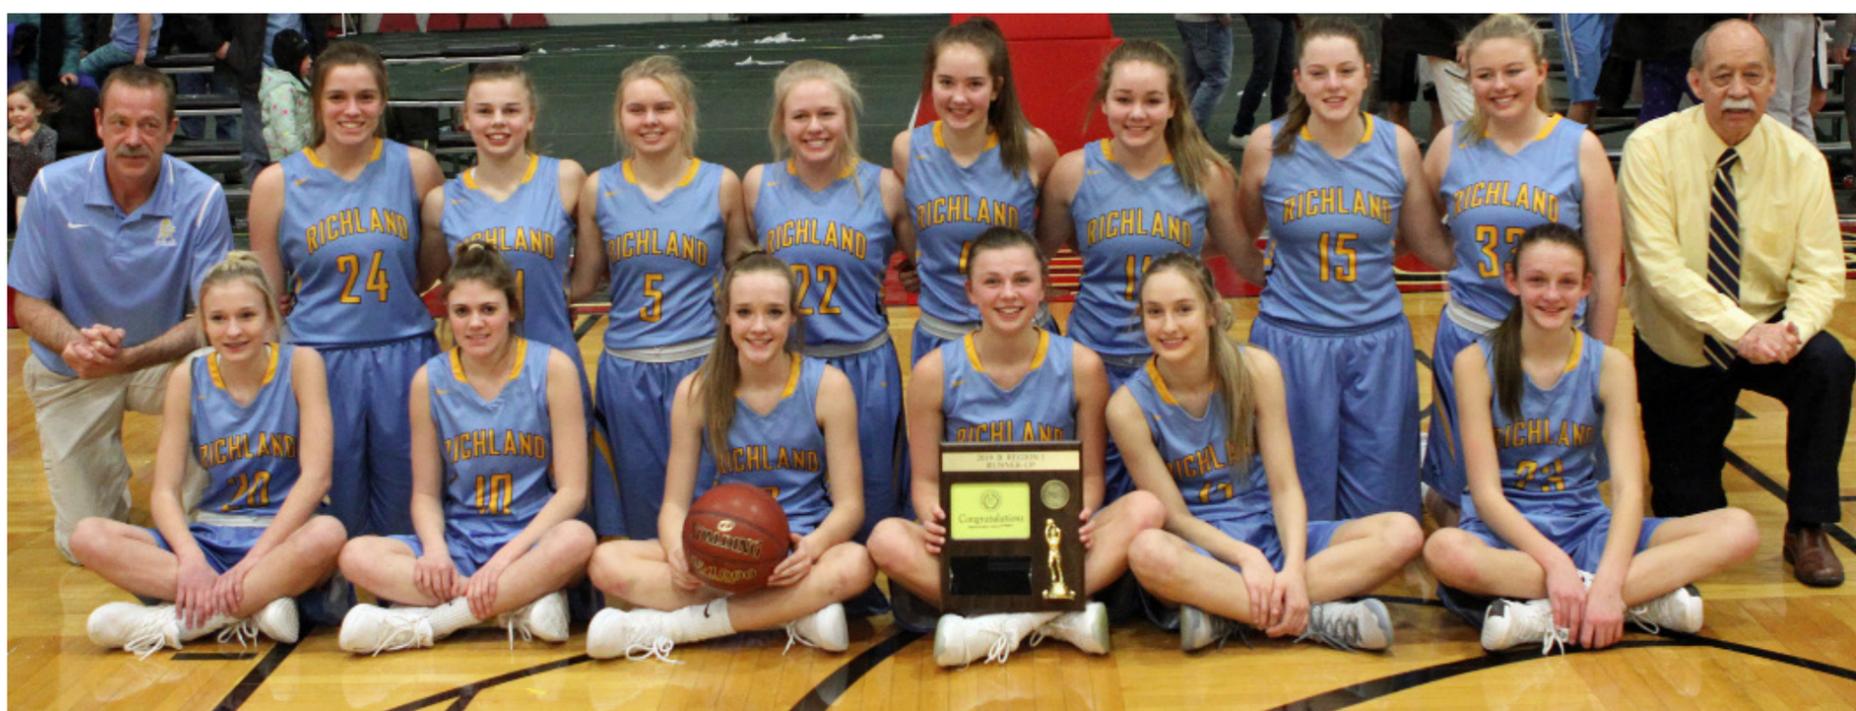

Megan Roob was the leading scorer for the Colts this year with a 21.1 points per game average. She was followed by Kaitlyn Wagner (9.2) and McKenzie Johnson (6.9). Roob also set a new school scoring record with 41 points in a game. She set that record against the Milnor/North Sargent Bulldogs. The team was led in rebounds by Rylee Hendrickson (108) and Tessa Smith (102). In addition, Roob and Katy Erickson led the team in steals with 82 and 61 respectively while Roob and Wagner led the team in assists with 72 and 68.

Special congratulations go out to Megan Roob and Kaitlyn Wagner for being named to the All Region team. Congratulations also go out to head coach Bruce Scheie for being named Region 1 Coach of the Year. In addition, Megan Roob earned All State Second Team honors which is a huge accomplishment for a freshman.

Myers and Roob Named to All State Basketball Teams

Junior Cole Myers and freshman Megan Roob were both selected as members of this year's Class "B" All State Basketball teams. Myers earned First Team All State honors while Roob earned Second Team All State honors.

Congratulations, Megan and Cole. Richland is proud of you!

JV Girls' Basketball

by: Tegan Amundson

This year was a learning and growing season for the girls' JV basketball team. The team had some returning girls with experience including Ava Aigner, Paige Hasbargen, Sam Hendrickson, and Ellie Storbakken and according to Coach Pool, "The team also had some young ones that made a difference including Emma Heyen, Megan Lingen, and Kenndi Wagner." The Colts were a bit low in numbers so they brought up three eighth graders (Megan Taszerak, Blake Miller, and Shandi Callenius) toward the end of season which was great for the team.

The season started out a little rough playing the first games against some strong Minnesota teams. In one of the games, Richland was ahead until the team had to learn a new zone defense, a 2-2, since the Colts were down to four players on the court!

As the season progressed, the team learned how to compete for every loose ball and how to take every offensive opportunity given in the game. Richland also improved greatly on defense and rebounding. According to Coach Pool, "Many of the teams we played this year were more experienced, but because of our drive and hustle we played right with them."

When asked about the season, Coach Pool said, "I believe these young ladies have an unlimited amount of potential. They need to be confident, disciplined, and aggressive. They need to play fearless, without any preconceived limits."

Wahpeton, ND • 800-688-3300

JH Girls' Basketball

by: Megan Roob

The junior high girls' basketball team may have been small in numbers, but they were mighty in presence. The combined 7th and 8th grade team finished the season with a record of 11-7. Members of the team turned this motto into reality: "They Play UNSELFISH, They Play TOGETHER, and They Play HARD."

Highlights of the season included the ability of this team to consistently win close games, to score points from all areas of the court, and to execute exciting assist-score combinations. The team was coached by Janelle Berseth.

Players: Shandi Callenius, Blake Miller, Morgan Sundstrom, Megan Taszerak, Alison Heyen, Ally Hollow, and Isabel Viele.

JH Boys' Basketball

The junior high boys' basketball teams showed a lot of improvement during their season. The 8th grade finished with a 5-9 overall record and the 7th grade finished with a 9-5 overall record.

In the ten team Hankinson Tourney, the 8th grade team finished third and the 7th grade team finished fifth. Cody Thompson was the free throw champion while Mason Storbakken won the 3 point shooting championship.

Harry and Mikayla Clark coached this year's teams.

Players: (7th) Eric Moen, Brooks VonRuden, Mikey Hopping, Patrick Boyle, Nick Mjones, Wade Gorder, Levi Ulven, Nick Wulfekuhle, Ryley Flaa, and Cody Thompson. (8th) Mason Storbakken, Elliot Beito, Adam Skoog, Tanner Zander, Logan Stbleton, Teddy Flaa, Kaden Carlson, and Hans Weinmann.

JV Boys' Basketball

by: Kaitlyn Wagner

The JV boys' basketball team had quite the season this year. They were coached by Brandon Nelson and the team finished with an overall record of 3-14. The team consisted of Drew Gunness, Nick Thompson, Zayne Vandaveer, Colten Mickelson, Tommy Zander, Gunnar Miller, Trenton Dufner, Blake Loomis, Zach Wulfekuhle, and Carson Anderson.

Many times this year, the team finished games with only five or six players as the members of the varsity team would return to the locker room. Coach Nelson made note of how hard the boys worked with the few numbers they had. When asked about the season, Nelson said, "The boys improved tremendously over the season! I am extremely proud of how they grew, not only as basketball players, but also as young men."

Coach Nelson went on to add, "The JV team should hold their heads high, as they played a key role in helping the varsity team make it to the state tournament by pushing them in practice every day. To say this is a great group of kids is an understatement."
